

# 2019 Advanced EFM and Documentation/Legal Issues

*Join us in Sacramento or New York for two great days of continuing education, collaboration and networking with programs designed for all clinicians!*

## Faculty

### **Lisa A. Miller CNM, JD**

As a nurse-midwife and an attorney, Lisa brings a unique perspective to her programs. Co-author of two EFM texts as well as a workbook, and creator of the ReadRight EFM ruler, she knows what

clinicians need when working with difficult tracings and complex situations. Attendees enjoy her direct presentation style and her ability to simplify the most challenging concepts.

### **Rebecca (Becky) Cypher RNC, MSN, PNNP**

Dedicated, articulate, and meticulously researched presentations have elevated Becky to one of the most popular as well as sought-after presenters in the fields of perinatal nursing and medicine. Currently the president-elect of AWHONN, and the newest author of the Legal Issues column in JPNN, Becky's ongoing commitment to perinatal nursing and medicine shows in every presentation. Relevant and insightful, Becky is a speaker you won't want to miss!

***Classes run from 8:00 am to 3:30 pm, with lunch provided from 11:30 am to 12:30 pm. Ample time is provided for questions and discussion. Morning and afternoon breaks allow for networking.***

***Don't miss this opportunity to learn from the experts and have your questions answered!***

## **Day One: Advanced Fetal Monitoring**

**Morning session:** Join Lisa for an interactive session that includes a self-assessment, physiology based FHR interpretation and standardized tracing management as well as cord gas analysis and fetal acid-base.

**Afternoon session:** Work collaboratively on a FHR tracings practicum (you will be able to keep the tracings) and then take a deep dive into the art and science of uterine activity. Labor curves, uterine acid-base, and safe management of oxytocin will be covered. As always, the program will include the most recent evidence available.

## **Day Two: Documentation & Legal Issues**

**Morning session:** Join Becky Cypher for an in-depth review of all things documentation. Whether you are a nurse, a midwife, a physician or a risk manager, learn from one of the top medico-legal experts in the country the most important principles of documentation and record-keeping, including real-life examples of both success and failure.

**Afternoon session:** Becky is joined by Lisa Miller for an afternoon of case studies, a review of common medico-legal theories, and a deposition survival guide invaluable for your cache of knowledge.

**CE CREDIT:** Cypher Maternal Fetal Solutions, LLC is an approved provider by the California Board of Registered Nursing, Provider # CEPI7031.

Each program day is approved for 7.2 contact hours.  
(CA BRN contact hour = 50 minutes)
